

6 Hr Continuing Education for Chiropractic X-ray Technicians and Doctors

This 6 hour course fulfills the requirements of the Washington State Quality Assurance Commission. This class will discuss tips on how to make your spinal x-rays even better. We will also look at tricks for optimizing x-rays on challenging patients. This includes patients that are obese, osteoporotic, muscular, or with fears of radiation. As usual, examples of pathologies will be shown for your interest. Doctors are welcome to attend for CE hours.
